

Washington - Today, Congressman John Olver (1st District) announced that the U.S. Department of Housing and Urban Development has awarded a grant of \$585,000 to the Town of Montague for the Colle Building Redevelopment Project. "This project is a great example of local, state and federal resources coming together to revitalize a historic building and create new jobs in the community," Congressman Olver wrote a letter in support of the application, and has worked closely with the Town of Montague and the Colle Building Redevelopment Committee. "A thriving Turners Falls is good news for Franklin County and all of Western Massachusetts. Montague officials have been working on the Colle Building Redevelopment for several years, and this grant is a significant step forward for the project."
